MULTIBOOST & PERIBOOST PLUS

Pressure Booster Pumpset

MULTIBOOST

- Suitable for water pressure boosting systems
- Multi-jet shower panels
- Domestic water supply systems
- Irrigation and small industrial water supply

Features :

- Robust construction
- Stainless Steel hydraulic components
- Low vibrations and noise
- High efficiency

Operating data :

- Pump Models : 7 Nos
- Capacity : up to 167 LPM
- Head : up to 50 mtr
- Motor Power : up to 2 HP (1.5 kW)
1Ø 220 Volts, 50 Hz

PERIBOOST Plus

- Suitable for Pressurised water, showers in bathroom

Features :

- Light weight and compact design
- The pressure system is designed to automatically Start and stop the pump as per set cut in and cut off pressure
- Motor fitted with thermal overload protector
- Wear resistant shaft and impeller
- Two litre pressure tank with special rubber bladder and pressure switch

Operating data :

- Pipe Size : 25 x 25 mm
- Capacity : up to 53 LPM
- Head : up to 38 meters
- Power : up to 1.0 HP (0.75 kW)
- Voltage Band : 180-240 V
- Liquid : Clear Water
- Starting Method : CSR
- Speed : 2800 rpm

Multistage Pressure Booster System : Power supply : 220V, 50 Hz, Single Phase

Model	No. of Stages	Power	Pipe Size	Q	17	25	33	42	50	58	No of 15mm Shower Heads
