Pumps Made in India
with trusted German Technology

PERISTAR ZDX

Self Priming Slow Speed Pumpset

Technical Data

- Pump size : 25 x 25 mm
- Capacity : up to 48 LPM
- Head : up to 45 meter
- Power : 1HP (0.75 kW)
- Temperature : Ambient
- Liquid : Clear water
- Speed : 1440 rpm

Applications :

- Bungalows, Residential buildings, garages, farmhouses, laundries and industries
- Pumping of water to overhead tank
- Drinking water supply
- Ornamental fountains

Features:

- Monobloc construction
- Fitted with Thermal Overload Protector for safety
- Suction lift up to 8 m
- High quality and long life mechanical seal
- Capacitor start and run single phase motor for high torque

Performance Chart : (Power Supply : 220 V, 50 Hz)

Sr No	Pump Model	HP	Pipe Size (mm)	Body		Total Head in Meters
